Temiskaming Pleasure Horse Club

March 2008

Presidents Message

With the TPHC being such a diverse club, the biggest challenge the executive face is to find a balance that will benefit the members. Quite often suggestions or ideas are brought forward by individuals regarding certain classes or events etc... The job of the executive is not to change the rules and regulations of the TPHC, to appease certain members, or themselves. The role of the executive is to make decisions that are in the best interest of the members of the TPHC. The executive has to take into account that there are four distinctly different divisions and many types of horses and riders that have to be equally represented. There is also a distinct set of by-laws and rules that must be adhered to when making important decisions. Not to say that changes cannot be made in the TPHC. The club has changed and evolved tremendously in the past few years thanks to the hard work and dedication from past as well as present executive.

Members must keep in mind that all of the executive members are volunteers. The TPHC has no paid executive each director and each person working at club events are putting forth the efforts that make the TPHC happen, out of there own time, and for the benefit of all the members of the club.

Being a member in the TPHC is a privilege not a right, and as we begin the 39th season of the club I feel very privileged to serve once again as the president of this great organization. I would like to let all members of the TPHC know that I have an open door policy. Any members wanting to discuss or suggest any issue that involves the TPHC is welcome to call, write, e-mail, or drop by the farm and I will ensure the subject is presented to the executive board. I would also like to thank those who have shown or expressed their gratitude to the volunteers of the club and I would challenge those who have not, to do so.

TPHC President 2008

Jody Peddie

TPHC Spring General Meeting

On **April 12th** the 2008 TPHC spring general meeting will be held at the Dymond community hall. Guest Speakers Laurier Cote will discuss the up and coming Josh Lyons Clinic and NBHA district three director Darlene Jackson will be making a presentation about NBHA Canada.

Show dates, rule changes, trail ride dates, locations, and clinics will be announced as well as a question and answer period. Memberships, rules and regulation handbooks will be available. 1pm start, coffee and refreshments will be provided.

TPHC Spring Tune up Clinics

The weekend of April 27-28 the TPHC will be hosting a series of clinics at Hillcrest Stables. The focus on these clinics will be to educate and inform the members with tips and suggestions for a successful show season. We will be discussing everything from conditioning, proper shoeing and foot care, tack fit and adjustment as well as many great warm up and practice exercises.

Saturday April 27th the English clinic will be hosted by Maria and Gwen Megans and will start at 9 am and run until 12 pm The Western Performance Clinic will be hosted by Shelly Loach from 1pm - 3pm. Sunday at 1pm the Western Games clinic will be hosted by Ernie Sholz and Rock Beaupre. We will have Farriers and Equine Message therapist discussing soundness issues and techniques to keep your horse sound for the up and coming show season. For information or registration for any of these clinics please contact any of the executive.

TPHC Fundraising

On March 14th we were notified that the New Liskeard Husky will be closing its doors in April (for aprox. 1 year), for a massive renovation. Therefore our Nevada tickets sales and the community rebate program will also be on hold for that same period.

We have contacted the Temiskaming square to arrange some dates to sell Nevada tickets and will be looking for other fundraising suggestions to help get us through to 2009. The Nevada sales at the mall and BBQ's and such are much more volunteer intensive therefore we ask that all members please make time when called upon. The hard work given from the past executive has left us in a good position financially. With most of the 2008 expenses already paid we will surely get past this unfortunate set back. The TPHC will also benefit from a new and improved New Liskeard Husky in the future. We would like to thank the management of the New Liskeard Husky for all there past support and look forward to working with them again in 2009.

Anyone with fundraising suggestions to help get us through 2008 is asked to please contact any of the executive members.

TPHC Website

We would like send out a big thanks to Anna Sawicki of Internet WebDeZines, for all the hard work and extra effort she put in on our new website. Although not yet 100% complete at the time of this news letter Anna has put together a site that is not only user friendly but contains a ton of information. Check it out at www.tphcon.net . We are more than willing to review any feedback that will improve our site. If you have any issues or ideas for the site lease e-mail me at jbqhorse@nt.net
